BAYLOR SCOTT & WHITE OPTOMETRIST DOCTOR WILLIAM WHITE SAYS VISION
PROBLEMS OFTEN COME ON GRADUALLY... MAKING THEM HARDER TO
NOTICE. BUT EARLY DETECTION CAN KEEP THOSE ISSUES FROM BECOMING
PERMANENT.

DR. WILLIAM WHITE
BAYLOR SCOTT & WHITE

Even if we think that we're doing well, having a good checkup, make sure these eyes
are healthy, because sometimes whenever we have damage that we can't, we can’t get
that back. And it's really unfortunate.

HE SAYS IF YOU'RE 65 OR OLDER- AN ANNUAL EYE EXAM IS A GOOD IDEA...
YOUNGER, HEALTHY PEOPLE WITHOUT A HISTORY OF EYE PROBLEMS CAN
GET BY WITH AN EXAM EVERY FEW YEARS.
HE ALSO SAYS AS PEOPLE AGE- THOSE WITH BETTER VISION EXPERIENCE
LESS COGNITIVE DECLINE.
